JAPS REFUSE TO CARRY RUSSIANS ON WARSHIPS.

Official Hearing Statute of Prisoners Asked Extra Guard Which Was Denied.

Tokio, Nov. 20.—It is reported that Russias, representing a majority of persons held in Japanese prison ships, have asked the Japanese Government to convey them with transports to Vladivostok, but the Japanese declined to do so.

Strong enmity between the members of the army and navy on the vessels is said to exist.

Admiral Rozenfelsky is reported to be keeping in his cabin on the British General Damodar, who has been transferred to the transports. The prisoners have left Tokio in haste for Nanking.

FIRE STARTS AT GAS TANK.

Explosion Causes \$2,000 Damage to Building and Stock.

Fire caused by the explosion of a gas tank in the rear of No. 227 Franklin Avenue caused the building and the stock of the Union Mercantile Company to burn, which blew the first two stories of the structure to be damaged by the explosion.

The fire was discovered shortly before noon on the afternoon by one of the clerks who heard the explosion. It took less than half an hour to extinguish the flames, and most of the damage was done to the stock of the Mercantile Company.

John L. Gates, of No. 37 Franklin Avenue, who had charge of the business, said that the losses were covered by insurance.

Carter will be seen outside his home on the corner of 12th and Locust streets, where he is now. The killing was committed by Charles Davis, a member of the Locust Street Gang. She denied any knowledge of the killing.

A FINE NIGHT-CAP.

The Best Thing in the World to Go to Bed and Sleep On.

My wife and I find that a teaspoonful of Glam-Nite, a mixture of cake flour, cream, with a touch of the finest night-cap in the world—8 oz. an All-nighter, stay up all night, and sleep all day.

We go to bed as soon as we strike the head and shoulder like bubbles till rising time in the morning.

It is about 3 years now since we began to use Glam-Nite, and we always have it for breakfast and before retiring and sometimes for lunch. I was so sick from what doctors called acute insomnia and brain fever that I had to use Glam-Nite, and I could not eat, sleep nor work with any comfort. I was advised at the same time with the most eminent physicians that I had a racing heart, and because every time I tried to do anything notwithstanding an unusual pressure from my physician, was compelled for a time to give up my favorite pastime.

"Then I put myself on a diet of Glam-Nite and cream, with a touch of the finest night-cap in the world—8 oz. an All-nighter, stay up all night, and sleep all day.
